

CELEBRATE NATIONAL ARTS IN EDUCATION WEEK AND HELP US MAKE A CREATIVE IMPACT!

What is **CREATIVE IMPACT** ?

An alliance of arts and education organizations representing individuals and communities across the San Francisco Bay Area dedicated to strengthening, enriching, and improving the social fabric of our community through arts education.

What does **CREATIVE IMPACT** aim to achieve?

To provide a central platform for San Francisco Bay Area educators, artists, and arts organizations to engage and connect young people, families, and communities in the wealth of creative experiences available throughout the region.

Why should I get involved?

The **CREATIVE IMPACT** alliance believes:

- Learning in and through the arts is integral to a comprehensive education.
- When we work together, we can achieve more.
- The arts should reflect and engage the community in which we live.
